THE ALMOST MIRACULOUS CURES made by Hampton's Vegetable Tincture on our most respectable citizens—men well known and tried—we challenge the world to show anything on record in medicine to equal it. Many hundreds who have felt its healing powers bear the same testiments.

Messrs. Mortimer & Mowbray: Gents: Last September I was attacked with erysipelas, from which a dreadful ulcer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was bilious pleurisy, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaciated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCTURE, and procured me a bottle, which I now pronounce BALTIMORE, July 6, 1852. advised me to try DR. HAMPTON'S VEGETABLE TINC-TURE, and procured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottes, my cough and pairs have en-tirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine. Yours, WESLEY ROCK.

Were there not real virtue in this wonderful medicine

Were there not real virtue in this wonderful medicine, could it perform the astonishing cures made by it?

Normanderon Co., April 13, 1852.

Mesers: Tyler & Adair: I have been afflicted with Rheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and external, without receiving any relief; I was at last advised to try HAMPTON'S VEGETABLE TINCTURE; before I had taken one bottle of which I felt much better. before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stomach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled.

Yours, Yours, ELIZABETH BAGWELL.

REV. VERNON ESKRIDGE, U. S. N.

Mr. J. E. Boush—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

KRAUSER'S PATENT CLOVER-SEED HAR-VESTER
BEFORE THE PUBLIC FOR THE FIRST TIME IS BEFORE THE PUBLIC FOR THE FIRST TIME!

The utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the straw or grass all standing. It weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, catch all the heads, the revolving knives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then loaded into a wagon and taken directly to the mill for cleaning, thus diminishing the labor three-fourths, and saving all the seed. This machine comes so low that every farmer will have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

CROSS KEYS, WASHINGTON TOWNSHIP, CAMPEN Co., N. J., CROSS KEYS, WASHINGTON TOWNSHIP, CAMBEN CO. N. J., We, the undersigned, do certify that we have seen Mr. Krauser's Patent Clover Harvester in operation, and it has given perfect satisfaction. It has gathered many of the farmers' clover in this neighborhood—it is all that Mr. Krau-ser and his bills represent it to be. The farmers have given

Long-a-Coming, October 7, 1851.

This is to certify that Mr. G. J. Naylor has gathered clover off of a sixteen-acre field of mine, which has been pastured two months with ten head of cattle, and it produced six bushels and a half and one peck of seed. I gave him two thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.

NEHEMIAH NICHOLSON.

KRAUSER'S PATENT CLOVER-SEED HARYESTER. We have conversed with a number of Farmers, and they are of opinion that there are at least 3,000 acres in each township in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield from 1½ to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh 1,000 acres.

| Duli 1 Duline yet as | 1,000 acres | 1,000 acres | 1,000 acres | 25 days, | 25 days, | 26 days, | 27 days | 27 days | 28 day

Cost of harvesting, &c., 1,000 acres... .\$500 Terms of gathering, on shares of one-half; which would leave from the above calculation in the hands of the gatherer 500 bushels. Selling it at \$5 per bushel would be \$2,500: deducting expenses, \$500, would leave a balance in the hands of the gatherer of \$2,000.

In a county where there are but 8 townships, deduct 3 and multiply the \$2,000 by 5 would be \$10,000.

We believe the above calculation to be indisputable. From the numerous farmers with whom we have consulted, we

Perhaps no invention offers greater inducements for a
profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of
money could without doubt be realized from the sale of
rights in the different States of the Union not yet disposed
of. By calling at this office, it can be demonstrated satisfacterily that men of moderate capital could not choose a better
or more money-paying business.

implement, and the satisfactory manner in which it operates,
